STRONG REPUBLICAN TICKET

The ticket named by the Republican convention at San Mateo last Saturday is an exceptionally strong one. All the nominees are popular and able men capable of performing the duties of their office if elected with credit to themselves and the people. It is the strongest ticket that has ever been presented to the taxpayers of San Mateo county and one which every voter can support with enthusiasm.

The nominee for Assemblyman, R. H. Jury, of San Mateo, has already served one term at Sacramento and the record he made there is an enviable one. He is a young man of ability, fully alive to the wants of the county and if elected will do his full duty. Having had one term he is familiar with the duties of the office and will be in a position to do much good for his constituents. He should be elected by an overwhelming majority.

Robert S. Chatham, of Pescadero, nominee of the party for Sheriff, is one of the most popular men in San Mateo county and one of the best liked. He is the young man's candidate and they are rallying to his support from all portions of the county. He is thoroughly fitted both mentally and physically for the office to which he aspires. Having served one term as constable of the Third township he has some knowledge of the duties of the sheriff's office. Mr. Chatham has a wide circle of friends all over the county who will work for him now until the sixth of November for his election and they feel confident that he will win the coveted prize.

The Republican convention made a good and wise selection in the nomination of Mr. H. G. Plymire, of South San Francisco, for the office of Coroner and Public Administrator. The nominee is a young man of sterling qualities and is popular at the Northern end of the County. He is a success in his profession and the right man in whom confidence may be reposed by his fellow men. He will make a fight for his office and help his fellow candidates to be elected. The manner in which he has discharged the duties of health officer recommends him to all voters. The recent Grand Jury commended him highly for his business ability and the great care in which he handled the money of the county coming into his hands. The voters of the county, regardless of party affiliation will no mistake in voting for Dr. Plymire for the office of Coroner and Public Administrator.

Roy W. Cloud, of Redwood City, the candidate for Superintendent of Schools is a deserving young man who owes his success to his own energies. He made his way by hard work and strong efforts to get to the top of the ladder. Mr. Cloud is a graduate of the Redwood City grammar school, a graduate of Sequoia Union high school and is also a graduate of Stanford. He taught in the grammar school of Redwood City for three years, tutored at Fair Oaks, while attending Stanford, for three years and last year was the principal of the Bodie grammar school. He is well fitted for the position to which he aspires, both by education and experience and if elected will fill the duties of that office with credit.

C. L. McCracken, who aspires to be tax collector has filled that office for the past year and a half with ability and in a manner that shows him to be the right man in the right place. Always courteous and obliging he has made many friends of the hundreds of people who have business with the office and has demonstrated his fitness for the position on all occasions. No better man could be selected for the place. Mr. McCracken has a strong following everywhere and will receive hearty support of all classes irrespective of party politics. All know his fitness and he certainly will be elected.

Joseph H. Nash of San Mateo who is the standard bearer of the Republican party for clerk is a very popular young man who possesses all the qualifications to make an excellent official. He began life as a school teacher but laid aside the rod to engage in business. He is energetic, ambitious and will make a strenuous campaign. Mr. Nash is a Native Son and is popular with the order and has strong following with the young men. His election by a large majority is pretty well conceded.

D. Hayward, the present Assessor, aspires to succeed himself. He has made the best assessor the county has ever had. He has been fair in his assessments and as a proof of this fact might be cited that at last meeting of the board of equalization there was not one application for reduction. This speaks volumes for his fairness. Those owning property in the county want him retained in his position for they know his efficiency and knowledge to conduct the office for the best interest of the taxpayers.

John F. Johnston, the winner of many victories, has been renominated

for the office of Recorder, a position which he has filled for the past four years with credit to himself and to the taxpayers of the county. He is a competent official who has been faithful in the discharge of his duties. Mr. Johnston is always courteous, genial and obliging and has made many friends while in office. He is known among his friends as "Gentle Johnnie Johnston."

J. J. Bullock, the efficient District Attorney has been renominated, and no better man could have been selected. He has a splendid record as a prosecutor and from him no guilty man escapes. He is very popular and will pole a large vote on November 6th. He has conducted his office without fear or favor and punished crime with vigor and an energy that has rid the county of some hard characters. Mr. Bullock has a clean record and his vote on the 6th of November will be a very large one.

P. P. Chamberlain, the old reliable, is the most popular man in the county and has held the office of treasurer for many years with credit to the county and to himself. He is an honest man, the noblest work of God, and should be retained in office. He is a genial official and has always been a loyal Republican who works for his party in season and out of season in defeat and in victory. Mr. Chamberlain has been faithful to his trust reposed in him by the people. He is a strenuous campaigner and will receive a large majority on Nov. 6.

A stronger man could not have been honored by the Republican party with a nomination than William Gilbert of this city who will make the run for reelection as county surveyor. Mr. Gilbert has served in this important position for several terms and has filled his office with credit. He is thoroughly acquainted with the lands of the county and has engineered many of the roads and bridges which have been constructed in this section. Mr. Gilbert will walk in with a large majority on the 6th of Nov. W. H. Underhill, the incumbent, who is candidate for reelection for Auditor is a young man in every way, entitled to the undivided support of the Republican party. In the conduct of his office Mr. Underhill has been a painstaking official. He is in every way cognizant with the duties of the position. He is to be found at his post at all times and the courteous way in which he has met those seeking information has won him friends. Mr. Underhill is a resident of San Mateo and will without doubt bring down a large majority of the votes in that city. He will without doubt be returned to the office which he is now so ably filling.

J. H. Coleman, the nominee for Supervisor of the Second township has ably filled that position for two terms and it is agreed by all in that township that he has made the best supervisor it has ever had. The roads were never in better condition. They are a credit to San Mateo. Mr. Coleman is the present chair man of the board of supervisors and in his rulings he has been fair and impartial. He deserves the support of all the voters of the Second township. That he will be reelected by a substantial majority is the opinion of all.

Edgar A. Shaw has been nominated for Supervisor of the Fifth township. He is a young man who has been raised at Pescadero of whom all speak in the highest terms of praise. He is honest and capable and if elected will give the Fifth township a first class administration. Mr. Shaw has a host of friends who are rallying to his cause with confidence. He will win by a handsome majority on the sixth day of November next. He is a farmer by occupation and knows how to build good roads and keep them in repair.

Wants a Divorce

Matilda Tasciner has commenced an action for a divorce against her husband, Gustavus Tasciner, on the grounds of cruelty. The couple were married in 1890 and have four children. She asks for \$75 a month alimony and \$50 for costs and \$150 for counsel fees. They reside in the First township.

Wedding bells may or may not ring on the 6th of November next but a Napa Bell will ring on the boat that will be sailing up Salt river about that time.

The Republican party stands for sound money, good wages and equal rights to all. Its standard bearers this year will run into office on a wave of prosperity created by the sound business policies of the third and fourth party.

San Mateo county will be from 800 to 1200 in the majority this year. Pray, where will the Democratic candidate come off.

Health Officer Plymire's report of the number of burials in this county showed that in San Francisco, where nearly all of the bodies come from, there was a marked decrease in the death rate. This decline has been gradual for the past four months until it has dropped as low as 50 per cent of the old figure. During the early months of the year the number of burials was as high as 700. In September it was slightly over 400. The decrease is attributed to the fine health of the people of San Francisco, who since the earthquake and fire, have been compelled to live in tents, and in that way have breathed fresh air which they would have denied themselves had they lived in houses.

Elkerenkotter believed that the falling off of burial permits would not justify the county in employing two collectors. He therefore suggested that one be dispensed with. The matter was referred to him to suggest a way in which one collector could handle the business.

Liquor licenses were granted to the following applicants:

First township—E. Micheli, San Bruno Road; John Mangini, Millbrae; Chas. J. Cody, San Bruno.

J. J. Bullock stated to the board that the Third Road District was in need of a steam roller and one had been partly purchased by MacBain for \$3000, said sum to be paid out of the funds of the District and asked the board to authorize the supervisor of the Third township to purchase said roller. The request was granted. The roller will be shipped from Ohio at once.
